What is Powercoders?

- Coding Academy for refugees
- Awarded by UNHCR
- Coding, CS and programming skills, mental health, entrepreneurship, English
- 100% funded by the public

A young man in a dark t-shirt and jeans stands on a set of white stairs, facing a large audience. He is holding a small white card or remote. To his left, a person is seated, holding up a smartphone to take a photo. The room has large windows on the left showing greenery outside. In the background, there's a black leather sofa and a whiteboard on a stand.

A young man in a white t-shirt stands near the whiteboard, gesturing towards it. Behind him is a large stone wall.
