# Innovative Financing in Education and Development:

## *Case Studies and Multi-media material for e-learning*

An associate programme of

Dr. Joost Monks | Executive Director  
SUDAC Annual Conference

# Introduction

This COFER project specifically addresses two Sustainable Development Goals (SDGs):

Ensure inclusive education and equitable quality education, and promote lifelong learning opportunities for all

Strengthen the means of implementation and revitalize the global partnership for sustainable development

Goal: Fill in knowledge and capacity gap for education and finance sector professionals working towards SDG4 and SDG17 in understanding the opportunities and challenges posed by innovative financing mechanisms for education

# Rationale and goals

## Rationale

- **Funding gap:** need for new funding sources and mechanisms to meet SDG 4
- **Capacity gaps** for education development specialist and non-education experts
- **Knowledge gap:** lack of information and evidence-based analysis of innovative financing mechanisms to inform decision and debates between education and development professionals

## Goals and Outcomes

- **Develop evidence** and (executive) education e-learning modules, with blended learning format and case-study methodology about Innovative Financing Mechanisms, including:
  - Inventory and typology of innovative financing tools
  - In-depth, multi media case studies (developed with field work)
  - Course modules with an e-library and e-resources
  - Systematic literature review
  - Publications in peer-reviewed journals

# Cooperation model

## NORRAG's role

- Coordinator for management and content development
- Develop the repository of all the content developed for the project and prepare it for publication for varied audience
- Provide administrative support and financial management with UNIFR
- Responsible for internal project and external communication

## Partners' role

- Provide input and feedback on the work plan, case study selection and framework for analysis, course module design, and support the in-country team management for case field visits
- Support the development of the individual case studies as required
- Participate in retreats in Geneva
- Support with additional funding proposals

# Project Setting

## COFER

- From 2018 to August 2020, with SUDAC – COFER seed funding:
- Course content production:
  - Literature review
  - Case studies development
  - Multimedia e-learning material and instructional design
- NORRAG and partners will seek for additional funding, specially for field based case studies

## After COFER

- Piloting the developed material at the 7 consortium members (start 2020)
- Implementation of post-graduate or executive education program with blended instructional design
- MOOC on the topic of Innovative Finance in Education
