- b. **Additional Grants:** Indicate if you are planning to apply for other sources of funding to supplement the Fulbright grant award in the text box (1000 character limit). Include the duration and amount for all funding.

The screenshot shows a form titled "Additional Grants" with a light gray header. Below the header, there is a paragraph of instructions: "Indicate if you are planning to apply for, or have applied for and/or received, other sources of funding such as a fellowship, assistantship, or other educational grant or loan from another organization, government or educational institution. Include funding title, source, period of funding, and amount of funding for which you are applying, and if/how this project relates to Fulbright project. If additional funding is received after Fulbright application is submitted, please update Fulbright administration in your home country." Below this text is a large text input area with a light gray border. Inside the input area, there is a placeholder text: "Include source and amount of funding for which you are applying. Maximum 1000 characters." At the bottom left of the input area, it says "1000 characters remaining". At the bottom right of the input area, there is a small icon of a document with a checkmark.

## Recommendations

Use this section to register your recommenders. You must have three letters of recommendation submitted on your behalf. Your recommenders must complete the forms online and submit electronically. Recommendations must be written in or translated into English.

Once you register your recommenders, they will receive an automatic email with instructions on completing the online recommendation form. It is strongly recommended that after registering you contact your recommenders to make sure they have received the instruction email. In some rare cases the receiving computer system's firewall may block the notification email.

If you register your recommenders first, they have time to submit their letter of recommendation to your application while you are working on it. You can track the status of recommendations, send reminders, and add/delete recommenders through this system before and after submission of your application. Late referee reports cannot be accepted.

**Note:** *It is your responsibility to ensure that recommendation reports are submitted by the deadline. Your application will be considered incomplete if the three letters of recommendation have not been received.*

Letters of recommendation are an extremely important aspect of your application. Tips on recommendations:

- Please provide your recommenders with a copy of your project statement.
- Recommendations should be from people qualified to evaluate your professional work; the abilities you bring to the proposed project; your ability to adapt to another country and culture; and the merits of the project itself.
- At least one academic and one professional or work related letter should be included among the letters.
- If you have recently moved to a new home institution, one should be from your previous institution.
- Do not ask someone for a letter of recommendation unless the person is well acquainted with your qualifications. A pro forma letter from a well-known scholar, a contact abroad or a prominent government official will carry less weight than a realistic assessment of your abilities from someone who knows you and your work well.
